Part II Organizational Action Attach additional statements if needed. See back of form for additional questions.

14 Describe the organizational action and, if applicable, the date of the action or the date against which shareholders' ownership is measured for the action ► **Vanguard Institutional Total Stock Market Index Fund Institutional Shares ("Fund") made cash distributions to shareholders of record during calendar year 2020. The Fund determined that a portion of each distribution constitutes a non-taxable return of capital. See the attached schedule for dates and amounts of each distribution that includes a return of capital.**

15 Describe the quantitative effect of the organizational action on the basis of the security in the hands of a U.S. taxpayer as an adjustment per share or as a percentage of old basis ► **Each shareholder's return of capital portion of the distribution is applied as a reduction to the shareholder's basis in the Fund. To the extent the reduction is greater than the shareholder's basis in the Fund, it results in a taxable capital gain. See the attached schedule for each distribution that includes a return of capital.**

16 Describe the calculation of the change in basis and the data that supports the calculation, such as the market values of securities and the valuation dates ► **The calculation of the return of capital is based upon the Fund's accumulated earnings and profits as of its fiscal year ended December 31, 2020. The amount of the return of capital should be applied against the shareholder's adjusted basis of the the stock, reducing the basis until it is zero. The amount of the return of capital, if any, that exceeds a zero basis shall be treated as a gain from the sale or exchange of property.**
