Part II Organizational Action Attach additional statements if needed. See back of form for additional questions.

14 Describe the organizational action and, if applicable, the date of the action or the date against which shareholders' ownership is measured for the action ► Vanguard GNMA Fund Admiral Shares ("Fund") declared a distribution of \$0.005116 to shareholders of record on January 29, 2021.

15 Describe the quantitative effect of the organizational action on the basis of the security in the hands of a U.S. taxpayer as an adjustment per share or as a percentage of old basis ► Of the Fund's distribution declared and record on January 29, 2021, \$0.004224, or 82.57%, of the total distribution is a non-taxable return of capital. This amount is a non-taxable return of capital to the extent of a shareholder's basis in each of its Fund shares, with any remaining amounts being taxed as a capital gain to a shareholder.

16 Describe the calculation of the change in basis and the data that supports the calculation, such as the market values of securities and the valuation dates ► The calculation of the return of capital is based upon the Fund's accumulated earnings and profits as of the fiscal year ended January 31, 2021. The amount of the return of capital should be applied against the shareholder's adjusted basis of the stock, reducing the basis until its zero. The amount of the return of capital, if any, that exceeds a zero basis shall be treated as a gain from the sale or exchange of property.
